SUBJECTS INDEX

Exercise physiology

Page

Effect of different kinds of physical exercise on the plasmatic testosterone level of normal adult males (D. Bottecchia, D. Bordin, R. Martino) 1
Plasma volume response to exercise on five consecutive days (D. W. Hill, J. S. Hill, S. Cheryl Grisham, C. W. Zauner) . . 6
Use of dew-point temperature sensors for intermittent measurements of sweat production and evaporation rates (J. Hilary Green) 11
Hydrostatic weighing at residual volume and total lung capacity (J. F. Smith, P. A. Bishop) 17
Effects of ozone on exercise performance (H. Gong Jr.) 21
Comparison of responses to weight training in pubescent boys and men (M. Sailors, K. Berg) 30
Androgenic steroid effects on serum hormones and on maximal force development in strength athletes (M. Alén, K. Häkkinen) 38
Effects of caffeine on cardiorespiratory function and glucose metabolism during rest and graded exercise (V. Bond, R. Adams, B. Balkisson, J. McRae, E. Knight, S. Robbins, M. Banks) . . . 47
Effects of N,N-Dimethylglycine on physiological response and performance in trained runners (P. A. Bishop, J. F. Smith, B. Young) 53
The physiological response to exercise with special reference to age (A. Quirion, D. DeCareful, L. Laurencelle, D. Méthod, P. Vogelaere, S. Dulac) 143
Supine rest and lactic acid removal following maximal exercise (R. Bulbulian, B. Darabos, S. Nauta) 151
The contribution of selected variables to middle and long distance run performance (L. J. Brandon, R. A. Boileau) 157
The effect of mitochondrial energetics inhibitors on spontaneous rosette formation of lymphocytes from athletes (J. I. Karpova, E. N. Mokhova, N. I. Volkov) 165
Training and leucocyte, lymphocyte and platelet response to dynamic exercise (M. Gimenez, T. Mohan-Kumar, J. C. Humbert, N. De Talance, M. Teboul, F. J. Ariño Belenguer) 172
Effect of strenuous exercise on platelet (M. Masuhara, K. Kami, K. Umebayashi, N. Tatsumi) 178
Effects of repeated endurance exercise on some metabolic parameters in cross-country skiers (G. Occhi, S. Gemma, P. Buselli, G. Miserocchi) 184
An anthropometric prototype of female power lifters (P. Bale, H. Williams) . 191
Physical fitness of young belgian swimmers (M. Francaux, R. Ramyead, X. Sturbois) 197
Heart rate, maximal heart rate and pedal rate (G. Peres, H. Vandewalle, P. Havette) 205
Three methods of assessing per cent body fat in elite cyclists (D. Fletcher, L McNaughton) 211
The current problems of physical fitness in Japanese children. In comparison with European and North American children (M. Miyashita, T. Sadamoto) 217
Development of strength and maximum oxygen uptake during simultaneous training for strength and endurance (G. Hunter, R. Demment, D. Miller) . 269
Response of platelets to prolonged physical exercise (D. Bottecchia, D. Bordin, G. P. Fantin, R. Martino) 276
Influences of exercise on leukocyte count and size (M. Masuhara, K. Kami, K. Umebayasi, N. Tatsumi) 285
Relationships among work rates, heart rates, and blood lactate levels in female swimmers (C. Arabas, J. L. Mayhew, P. M. Hudgins, G. H. Bond) 291
The effects of a 16 week aerobic conditioning program on serum lipids, lipoproteins and coronary risk factors (L. McNaughton, P. Davies) 296
Effects of fasting on physiological responses to exercise in non-obese women (E. V. Avakian, S. M. Horvath, W. B. McCafferty) 303

Page

Body structure, somatotype, maturation and motor performance of girls in ballet schooling (A. L. M. Claessens, G. P. Beunen, M. M. Nuyts, J. A. Lefevre, R. I. Wellens) 310

The effect of a training program and induced cognitive stress on heart rate, blood pressure, and skin conductance (K. R. Gurley, L. J. Peacock, D. W. Hill) 318

Blood glucose levels during rest and exercise: influence of fructose and glucose ingestion (S. M. Hasson, W. S. Barnes) 326

Effects of aspirin on delayed muscle soreness (K. T. Francis, T. Hoobler) . . . 333

Variations in the urinary kallikrein-kinin system in sportsmen during training and competition assessed by the measurement of kallikrein and kininase II excretion (G. Porcelli, M. Di Iorio, A. R. Volpe) 338

Effect of aerobic capacity on circulatory responses to static, dynamic, and combination work (J. Harper, R. Byrd) . . 389

Comparison of body density values using residual volume and total lung capacity (P. Lundvall, W. Thorland) . . . 395

New approaches to predict $\dot{V}O_2$max and endurance from running performances (S. P. Tokmakidis, L. Léger, D. Mercier, F. Péronnet, G. Thibault) 401

Exercise compliance of elderly volunteers (R. J. Shephard, M. Berridge, W. Montelpare, J. V. Daniel, J. F. Flowers) 410

A laboratory method for non invasive anaerobic threshold determination (N. Maffulli, B. Sjödin, B. Ekblom) . . . 419

Physical characteristics of elite soccer players (J. Ramadan, R. Byrd) . . . 424

Physical activity and alienation in the workplace (M. H. Cox, R. J. Shephard, P. Corey) 429

Subcutaneous fat measurements of the leg using three protocols (L. W. Weiss, F. C. Clark) 437

Psychology

Effect of weight training on body attitudes: who benefits most? (L. A. Tucker) . . 70

Therapeutic use of sports in psychiatry and clinical psychology. Experiences with a Combat-type sport in the treatment of psychiatric patients (F. Süle) . . . 79

Sports psychology

The influence of exercise on stress states using psychophysiological indices (S. Subhan, J. A. White, J. Kane) 223

Body-image before and after assessment of physical performance (J. A. Balogun) 343

Personality traits that correlate with success in distance running (D. C. Nieman, D. M. George) 345

The significance of anaerobic threshold in exercise prescription (E. S. Gibbons) 357

Page

Sports traumatology

Injuries to international competitive surfboard riders (B. J. Lowdon, A. J. Pitman, N. A. Pateman, K. Ross) 57

Correlation between clinical and telethermographic evaluation in overuse injuries treatment (A. Bagarone, G. Colombo, U. Garagiola) 64

Studies and researches

Heart rate and heart rhythm responses to intermittent gravity traction exercise (L. D. Robertson) 85

Incidence of heart rate overshoot during supramaximal work on a cycle ergometer (K. Yamaji, R. J. Shephard) . . 91

Adaptation to work load in squash players: laboratory tests and on court recordings (M. Mercier, J. Beillot, A. Gratas, P. Rochcongar, Y. Lessard, A. M. Andre, J. Dassonville) 98

Somatotype and body structure of world top judoists (A. Claessens, G. Beunen, R. Wellens, G. Geldof) 105

The physique and body composition of top class squash players (A. Jaski, P. Bale) 114

The impact of the sauna bath and the sauna exercise suit on physiological cost during exercise (J. D. Ramsey, C. H. Lee) 119

Ultrasonic measurement of upper-arm skeletal muscle thickness (L. W. Weiss, F. C. Clark) 128

Acute effects of high frequency electrical stimulation on maximum grip strength and muscular endurance (J. A. Balogun) 134

Histological, morphometrical and biochemical muscle findings in ten mediterranean runners (A. Urbano-Marquez, J. Casademont, J. M. Grau, M. Vernet, R. Cussó, R. Estruch) 230

Body composition and anthropometric characteristics of elite male basketball and volleyball players (A. L. Toriola, S. A. Adeniran, P. T. Ogunremi) 235

Aerobic, anaerobic, assistant exercise and weightlifting performance capacities in elite weightlifters (K. Häkkinen, H. Kauhanen, P. V. Komi) 240

Changes in somatotype and body composition of college football players over a season (W. W. Bolonchuk, H. C. Lukaski) 247

Effects of the acute ingestion of small amounts of alcohol upon 5-mile run times (J. A. Houmard, M. E. Langenfeld, R. L. Wiley, J. Siefert) 253

The Haglund syndrome (H.s.): clinical and radiological features and sports medicine aspects (F. Rossi, F. La Cava, F. Amato, G. Pincelli) 258

Hamstring/quadricep parity with three different weight training methods (A. C. Fry, D. R. Powell) 362

Relationship between isokinetic strength and sprint times in college-age men (M. Farrar, W. Thorland) 368

Blood rheology of former and active athletes (E. Ernst, A. Matrai, P. Siepmann, A. Schmid) 373

Page

Body fat in various sportive groups (R. Mokha, L. S. Sidhu) 376
Changes in carbonic anhydrase activity in rat skeletal muscles due to aerobic treadmill exercise (S. Tokuda, M. Kai, S. Kawahara, S. Otsuji) 380
Effect of physical training on exercise tolerance of children following surgical repair of D-transposition of the great arteries (P. Vaccaro, F. M. Galioto Jr., L. M. Bradley, J. Vaccaro) 443
Incremental graded treadmill run to exhaustion as a measure of aerobic power (C. P. Bolter, P. Coutts) 449
Classification of subcutaneous skinfold thickness in the middle-aged by cluster analysis, and the relationship between its distribution pattern and serum cholesterols (K. Karatsu, N. Nagao, J. Arie, T. Inomoto, Y. Imai, Y. Sawada) . . 453
An objective method for measurement of musculo-skeletal size in children and youth (M. H. Slaughter, T. G. Lohman, C. B. Christ, R. A. Boileau) 461
Effects of skating and diagonal techniques on skiing load and results in cross-country skiing (J. Karvonen, R. Kubica, S. Kalli, B. Wilk, S. Krasicki) 473

Page

Prediction of alpine ski performance based upon selected anthropometrical and motor dexterity parameters (F. C. Piper, C. H. T. Ward, P. M. McGinnis, E. K. Milner) 478
Fructose 1.6 diphosphate effects on cardiac dynamics during isometric exercise in healthy volunteers (R. Cassone, C. Coarelli, B. Maugeri, M. Cassone Faldetta, A. Lino) 483
Exercise, aging and fine motor performance: an assessment (R. Normand, R. Kerr, G. Métivier) 488
The comparison study of grip strength in male population of Kuwait and Poland (R. Fiutko) 497
Influences of weight reduction on aerobic power and body composition of middle-aged women (Y. Atomi, M. Miyashita) 501
